

1. **Spell Words:** Use the magnets to spell out words on the fridge or a magnetic board. Try spelling your name or other words you know.
2. **Match Letters:** Sort the magnets into big and small letters. Then, match the big ones to the small ones that look the same.
3. **Sound Games:** Say a word and find the letters that make the sounds in that word. For example, find the letters for "cat" when you say "cat."
4. **Alphabet Train:** Put the magnets in order from A to Z to make a train. Say the alphabet as you put each letter in order.
5. **Build Words:** Use the letters to make as many words as you can. Try sounding out each word as you make it.
6. **Letter Hunt:** Hide the letters and find them around the room. Then put them in order from A to Z.
7. **Name Game:** Spell out the names of your family and friends. Practice saying and spelling their names.
8. **Make Sentences:** Use the letters to make short sentences. Try reading them out loud when you're done.
9. **Start a Story:** Use the letters to start a story on the fridge. Then, make up the rest of the story yourself.
10. **Sort Letters:** Put the letters in groups based on how they look or sound. You can put all the tall letters together, or all the letters that make the same sound.
