

1. **Add the Numbers:** Roll all five dice and add up the numbers. See who gets the biggest total!
2. **Make Shapes:** Arrange the dice in different shapes on the table, like a pyramid or a line.
3. **Fastest Line-Up:** Roll the dice and race to put them in order from smallest to biggest.
4. **Math Fun:** Use the dice for simple math like adding or subtracting. Roll them and make math problems.
5. **Story Time:** Roll the dice and make up a story using the numbers rolled. Each number means something different in the story.
6. **Bingo Game:** Roll the dice and mark off numbers on a bingo card. First to get five in a row wins!
7. **Memory Game:** Look at the dice for a few seconds, then cover them and try to remember the numbers.
8. **Drawing Fun:** Use the numbers rolled on the dice to draw pictures. Each number can be something different in the picture.
9. **Fun Challenges:** Do different activities based on the numbers rolled, like jumping or hopping that many times.
